

### GENERAL & MECHANICAL FEATURES

Dimension:	Ø105 x175x210 H
Housing:	Die Cast Aluminium
Finishes:	Black
Installation:	with bracket , screws and spike
Diffuser:	4mm tempered glass
Ingress Protection:	IP66
Dimming:	No

### LIGHTING & ELECTRICAL FEATURES

Lamp source:	COB
Average LED Life:	50000 Hrs.
CCT:	3000K
CRI:	CRI 80+
Lumen Output:	2350Lm
Total Delivered Lumen:	1680Lm
Power:	20 Watts
Beam Angle	10°/20°/45°/60°/90°/120°
Input Voltage:	AC 220V
Control Protocol:	On/off
Lifetime:	50000hrs.

### DESCRIPTION

SPJ105 is an outdoor lighting floodlight. Special rotation design allows the projector to take infinite positions for different light effects. Its minimal design makes it suitable for a wide range of architectural project applications. Available in three sizes, it is engineered with the most advanced LED technology and different optical solutions, ensuring a performing light effect and energy saving characteristics.
